

Policy Title: Information Security & Data Protection Policy **Purpose:** To safeguard company data, systems, and customer information against unauthorized access, breaches, and misuse. **Scope:** Applies to all employees, contractors, and third-party vendors.

Key Points:

-  **Password Management:** Employees must use strong passwords (minimum 12 characters, mix of letters, numbers, symbols). Passwords must be changed every 90 days.
-  **Email Security:** No sharing of confidential data via personal email. Phishing awareness training is mandatory.
-  **Device Security:** Company laptops must be encrypted and locked when unattended.
-  **Network Usage:** VPN required for remote access. Public Wi-Fi should be avoided unless secured.
-  **Data Disposal:** Sensitive documents must be shredded; digital files securely deleted.
-  **Incident Reporting:** Any suspected breach must be reported to IT Security within 1 hour.

Enforcement: Violations may result in disciplinary action, up to termination.
